

IPRO Honors TERIS

*Litigation Support firm named 2009 IPRO Hall of Fame inductee at
IPRO Innovations 2009 Conference*

IPRO Tech., a leader in the design of scalable, easy to manage litigation support software as well as e-Discovery software, honored TERIS at its two-day 8th Annual Partner Conference, IPRO Innovations 2009. The conference, held at the Pointe Hilton Squaw Peak in Phoenix, Arizona featured more than 20 specialized workshops and seminars to provide more than 200 attendees with important hands-on knowledge and comfort in the quickly evolving world of litigation support software.

IPRO added TERIS to its growing "Hall of Fame" award category, which recognizes long-term IPRO clients that have continually maintained innovative and leadership positions within the litigation support community.

TERIS is a full-service litigation support solution provider. The company works with leading law firms and corporate legal departments to provide sophisticated consultation-based solutions, state-of-the-art technologies and highly experienced project management. TERIS simplifies enterprise-wide information flow, allowing for professionally enhanced case management, which provides clients with improved workflow and a much higher return on their investment.

As in years past, the criteria for selection includes consistent dedication to technological innovations and leading edge business paradigms to streamline business practices, achieving top quality service levels, and positively impacting the litigation community in their market over the last year.

"TERIS has always taken a pioneering approach to its business model, and we're delighted that IPRO products and services have been instrumental in the company's success," said Jim King, CEO of IPRO. "Our long-term partnership has been beneficial to both companies, and we hope to work with the terrific management at TERIS for years to come."

About IPRO

IPRO offers a diverse suite of superior litigation software tools for e-Discovery, review and production and a complete line of products for both workgroups and high-volume production environments. IPRO has thousands of systems of various sizes in law firms, corporate and government legal departments, and litigation service organizations. Millions of documents are processed using IPRO software annually. The American Lawyer Magazine recently completed a survey of the top 100 law firms in the United States and found that IPRO software is by far the most widely used litigation document software.
